Please accept this correspondence as a personal invitation to join or learn more about Project Life Foundation, Inc. Project Life Foundation, Inc. (PLF) was founded in Charleston, South Carolina in 1991 for the purpose of enlightening and empowering our youth. PLF, Inc. is a 501 C-3 non-profit organization.

The mission of the organization is to help all cultures become productive citizens, especially youth and young adults in the African American and underrepresented community. The organization is committed to making a difference in the lives of youths and young adults, and to providing these individuals with the knowledge and guidance needed to be successful in a global and pluralistic society.

Quote by Carter G. Woodson

“The educational system of a country is worthless unless it revolutionizes the social order. Men of scholarship, and prophetic insight, must show us the right way and lead us into light, which is shining brighter and brighter.”

PLF, Inc., has created and implemented a model to teach youth and young adults the importance of Education + Cultural Awareness + Political Awareness = Economically successful citizens. Members participate in multiple activities and programs geared to make a change in their lives and the lives of others in the community.

PLF, Inc. is committed to standing by its motto of **“Helping People Today For A Stronger People Tomorrow”**; to ensure all youth and young adults are provided with a voice, a vision and the leadership needed to make a difference in the community, state, nation and world.
